- Fan operation distributes throughout washroom
- Annual lamp change maintains performance
- Robust vandal resistant Aluminium casing
- Wall or ceiling mountable on four screws
- Quickly wired into fused spur
- No filters to change
- Guaranteed odour control

› WASHROOM PROBLEMS

Designed to have the highest odour and micro-organism control capabilities of any LIVVAir's AIRsteril® product in a washroom environment, with the lowest possible power consumption.

The vandal resistant Washroom Complete range has the flexibility to offer protection for facilities of all sizes.

In washrooms, odours and infections are created by bacteria, viruses, mould, fungi and volatile organic compounds in the air and on all exposed surfaces. Fragrances or masking agents do nothing towards hygiene and the health risks remain. Cleaning and disinfecting alone are only a partial solution and cannot stop ongoing surface contamination. LIVVAir's AIRsteril® kills both surface and airborne bacteria and viruses. Its efficacy was certified to do this by the Health Protection Agency (UK).

› ODOUR AND INFECTION CONTROL IN

- › Public Washrooms
- › High Footfall Washrooms
- › Commercial Washrooms

Area Size	10m2	20m2	30m2	40m2
